PHP Vulnerabilities CVE-2026-109618 and CVE-2026-109619

2026-10-22 - Tim Hardy - [Comments \(0\)](#) - [General](#)

The PHP vulnerabilities CVE-2026-109618 and CVE-2026-109619 do not affect Lasernet Group products, because none of our products use PHP. This applies to:

- Lasernet Core.
- Lasernet Keep.
- Autoform DM.
- Dynamics 365 Connectors.
- Lasernet cloud services.

For the statement in the Lasernet Knowledge Base, see [PHP Vulnerabilities CVE-2026-109618 and CVE-2026-109619](#).
